

FOOT INJURIES IN HOCKEY ARE SKYROCKETING.

Shot blocking is becoming a key component of any hockey defense. Foot injuries from high speed shots impact careers, paychecks and livelihoods.

HOPlite Skate Armor's innovative design makes it the world's only high performance full-foot protection for hockey players who want to prevent serious injuries without compromising speed, comfort and mobility.

The Cost of Blocking Shots

Shots blocked in the NHL doubled since 1998. In 2014 the average NHL team lost 252 man-games and over \$7 million in salary per season due to injuries. The cost is staggering, the answer is HOPlite Skate Armor.

Guard Your Dogs

Your feet need protection. Protection from pucks traveling at incredible speeds. HOPlite Skate Armor is hockey's highest performing outer skate protection made of ultra-light (6-8 oz.), ultra-strong composite designed to prevent serious and painful foot injuries. Injuries that can limit playing time, end careers and make your dogs bark with pain. Skate smarter. Play harder. Insist on HOPlite Skate Armor and protect your feet without compromising performance.

Gladiator Approved

Superior **FULL-FOOT PROTECTION**

360 degree security—other designs provide only provide partial coverage.

Easy **ON**, easy **OFF**

Quick system uses a single velcro strap keeping it securely in place.

Uninhibited **SUSPENSION**

Fits a variety of sizes and provides a variable cushion between skate and forefoot.

Advanced **Ballistic-Grade Polymer**

Made from impact resistant injection molding (used for vehicle headlights and motorcycle windshields).

Unique **ATTACHMENT**

Three-point contact suspends HOPlite over the skate, isolating impact and making it unnoticed on your foot. Unlike other products, HOPlite Skate Armor won't obstruct skating if a strap were to fail, it falls away easily allowing play to continue.

Numerous **COLOR CHOICES**

Production process allows for color and design personalization.

Foot Soldiers

You're **brave**. You're **honorable**. You're **tough**. As a **hockey player**, you know your role, but you have to be on the ice in order to **do your job**. **HOPlite Skate Armor protects** your two **most important** assets—**your feet**. You'll play through **pain**, but if you **can't stand**, you **can't skate**. And if you can't skate, you **can't play**. Period. So **listen up** weekend ice warriors, youth leaguers, student-athletes and **professionals**. Stand **strong**. Skate **fast**. Do your job. Do it with **confidence** and do it well. **Demand HOPlite Skate Armor**.
